

Family Liaison Service

In November 1979 the DDCI approved a proposal to establish an Agency-wide family liaison service. This new activity was assigned to O/PPPM in December 1979. The service will provide Agency dependents and employees with information and assistance that will ease the problems, concerns and frustrations associated with assignments to, or return from, overseas posts. The Coordinator and Assistant Coordinator have been selected, space has been made available in Ames Building and it's planned that the service will be opened for business in January 1981. Based upon the interest already expressed, we expect substantial activity within a very short time.

CIARDS Management

Administering the CIA Retirement System is an Agency statutory responsibility which takes precedence over all other retirement matters. The ranks of CIARDS retirees and survivor annuitants continue to swell as employees retire in record numbers. Assisting employees into retirement and administering to their needs thereafter is an ever increasing activity. A corollary increase in the workload of our external activities branch has also been noted with no abatement in sight.
